

The City of St. Johns will be **collecting used, car and light truck tires** from City residents on **Monday, May 12, 2008** following Spring Clean-up on Saturday, May 10. Residents must have the used tires placed at the curb in front of their homes by 7:00 AM on the tire collection day.

Each household is limited to a maximum of 8 tires. Tires must be removed from the rims. This collection is limited to car and light truck tires only; large truck and tractor tires will not be accepted for collection.

Do not put the tires with your normal household Spring Clean-up items, as the contractor will not collect any tires. However, rims will be collected.

Questions may be directed to the Department of Public Works at 224-8944, ext. 229
